CSV (Comma-Separated Values) File Format

Generated by claude-sonnet-4-6 · 2026-06-21 03:20 · grounding rag

Model Answer**(B) Comma Separated Values**CSV stands for **Comma Separated Values** — a file format where data values are separated by commas.**Explanation**

This is a straightforward full-form question. "Comma Separated Values" is the standard, universally accepted expansion of CSV. The other options are distractors with incorrect words (Space, Control, Character). Always remember the exact full form.
